

PEAK EQUITIES

Heidi Development

Burgundy Street, Heidelberg

The prestigious Heidi Apartment project (see artist's impression above) is the first property development project undertaken by the Peak Equities Group.

In September 2014, the Hiyield Investment Trust No. 1 acquired a 20% equity interest in this premium development, managed and headed by the Crema Constructions Group.

The project achieved 98% presales and was completed under budget in December 2016.

After an investment term of less than 24 months, the return to investors exceeded 15% per annum.
